

## NETWORKING DAY 2018 ZINKINFO BENELUX

You are cordially invited to a networking day for ZIB partners and members and their suppliers, on **Wednesday 12 September 2018** at **Hilton Old Town Antwerp**.

An event where you can update your knowledge about hot-dip galvanisation and extend your social and professional networks while at the same time enjoying a unique programme of relaxation and recreation.

### PROGRAM:

- 12h00 - 12h30: Reception
- 12h30 - 13h30: Lunch
- 13h30 - 14h30: Presentation (to be determined)
- 14h30 - 15h00: Break
- 15h00 - 19h00: Teambuilding activity - choice between:

#### **1. City Golf (De Koninck Brewery)**

*Your journey of discovery starts with a welcome-drink in the charming café of the De Koninck Brewery, where your tour guide will be waiting to welcome you and the entire group. After drinks, the group will be initiated in the sport of city golf: six holes in and around the brewery, whilst your guide mentions interesting facts about the area and, of course, the brewery itself. Following the tour, we shall pay a visit to the De Koninck Brewery's experience centre, which will conclude with a tasting of three Antwerp beers, accompanied by such local products as Farmdale cheese (from Van Tricht Cheese Makers) and De Koninck mini-sausages (from De Laet & Van Haver) in paper cones.*

#### **2. Antwerp's impressive Central Station and environs**

*"Magnificent, stunning, wow ..." - such reactions are frequently heard at Antwerp's Central Station or Middenstatie. And the station indeed earns its place on the list of the world's ten most beautiful railway stations! Due to the rapid pace of modern life, we do not usually stop to admire a train station, no matter how beautiful it is. So it's high time for a guided tour! And your appreciation will only increase through the attention paid to both to fine details and amazing technology! The wonderful station is also superbly complemented by the nearby Antwerp Zoo and the street named De Keyserlei. And those expecting a run-down station district will be pleasantly surprised instead to find the vibrant heart of the international diamond trade, exciting (sidewalk) cafés and restaurants (where we shall take a break) and the zoo, with its splendid facades and new meeting area, the Giraffenplein and the Kievitplein, where the new look of this district continues to take shape.*
